Anointed Arise

1

Anointed.

Arise.

Prepare to be with Me.

Be alert that the season is here to go with your Angel.

Alert!

Time is at hand.

I will give you an individual warning soon.

Do not be startled.

There is not one day.

There are several days.

Rest in Me.

I will place an image in your head.

When you see that image again—

It will be 24 hours & you will be here.

No one will go before the chaos begins.

The chaos is just around the corner.

Prepare to be used before going.

No one but Nick will precede Julie.

While she still speaks you are all here.

Be Alert!

For I will speak to you and give you an image.

Rejoice!

Be Patient.

Hear My Voice.

I do not Lie.

Stay in prayer with Me.

I will clarify all you need to know—

Before you need to know it.

I hold the clock.

Keep your mind stayed on Me.

Rest in My Perfect Peace.

2 The Order

- A crisis/a chaotic event
- The Anointed will be used— stay in prayer at this time.
- Then Nick & Julie will come to Me.
- Next all Anointed will await My Call—
 - The rest of the Anointed(after Julie) come on random days that I decide strategically so the enemy has no preparation.
 - You will each come as I call— with My Mighty Angels.
 - They will safely translate you to My Mount Giboa.
- When all of the Anointed are gathered here— then you will all train together.

We are but moments away.

3 Instructions

Do not worry about your homes, families, pets, and the like.

I hold all the details in My Hand.

Do pay your bills & keep your commitments as usual until I call you.

I will give you a repeated image—

When you see it days later—

You will have one day before coming here.

I will give you instructions what to do.

At this time to not tell others about this situation unless I press you.(after hearing this= at this time)

I will scramble and confuse those who I do not want to hear it.

Pray for the time to come.

Be flexible & ready for use—

When asked, be sure to say that "God provides for His Own with True Faith."

You will be My first examples.

For your safety & training—

You will soon be taken off the earth after this.

I hold the clock.

Rest assured I will alert you.

Soon. Giboa. Soon.

My Anointed.
