The Call, Urgent - Dreams to Julie

1

Jesus' People stand up!

Let it be known!

I will call your name.

You will boldly stand & be used by Me, then taken.

Have no fears.

I AM the God of the Fathers of the Faith.

They all Testify of My Faithfulness.

Wait for My Call.

Then stand boldly & allow Me to use you as a willing vessel.

Be True of Faith.

Fill yourself with Worship all day, and My Words in scripture every free second until it is your turn.

2

The Lord God Almighty.

I AM the God who sees.

I AM the God who protects.

I AM the God who provides.

I AM the God who proves.

I AM the God who uses normal people with great faith.

My Anointed.

None of you think you are "holy" enough to be Anointed.

You have come to accept it in Faith, but each of you have great humility in this way.

There are others who are Benjamin Tribe, who are not Anointed.

They lack your humble heart.

I can only use the humble.

I can only teach the humble.

I can only indwell the humble.

I have had My eye on each of your lives since birth.

I knew you were born for this time in life.

I knew you would be a willing vessel.

My Leaders.

When Julie is called into action

I will have the Holy Spirit make it known to you
and you will be called to prayer on her behalf.

Pray for her recovery,

My Full Power will be flowing through her and this will be very taxing.

Then, I will call each of you, by Name.

You will have the choice to boldly follow and be One with Me and also be used by Me.

What you do will not be as taxing, as Julie,

But will take the same boldness and confidence in Me.

You will be used, if you so choose to follow, and then called home on your day.

All of you with dreams of these events need to get them to Julie

for she is the curator of the events.

She needs to have your dreams, now.

Do this promptly.

If it is several dreams, send them all.

If you have already shared the dreams with her, share them again, she needs them all at once.

If you claim you have no time, stay up very late to complete this task.

This is very important.

Get your dreams to her immediately.
